IOWA'S NATIONAL GUARD

(Mr. BRALEY of Iowa asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BRALEY of Iowa. Madam Speaker, last month, after proposed cuts to the Iowa National Guard, I asked Iowans for their comments and stories about the impact the Guard has had on their lives. Today, I will be turning those responses in to Secretary Hagel and the Pentagon to make sure that the Pentagon hears, not just from me, but from the Iowans who have seen the tremendous good done by the Iowa National Guard. I want to share several of the responses I will be turning in.

Donna from Ankeny, who has a nephew in the Guard, told me:

The National Guard is an investment in our safety and security, but it is also an investment in many young people—a huge employer.

Nancy from Dubuque, Iowa, wrote:

Not only do they fight for our country overseas, but they do so much for our country, such as helping with the floods in Iowa or with the aftermath of 9/11 in New York. The National Guard is an important part of our safety at home and abroad.

These are just some of the hundreds of responses I have received, and I am submitting many of these for the RECORD.

The Iowa National Guard served the longest deployment of any combat unit in Iraq. They came back and helped deal with the most powerful tornado in the United States that hit my district in 2008 and the worst flooding in our State's history, and that is why we shouldn't cut their funding.

CUBAN PEOPLE DESERVE FREEDOM

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Madam Speaker, there has been a lot of misinformation today about the Cuban Twitter program. This is not a secret program. Cuba democracy programs are public.

Both USAID and State publicly put out requests for proposals from different NGOs or private businesses to administer and implement our Cuba democracy programs.

The objective of these programs is to provide greater access to information to those suffering under the repressive regime. The Cuban dictatorship controls, censors, and blocks information going into the island to deny Cubans the ability to hear about world events or about the human rights violations occurring throughout the island in their very own country.

The funds help provide technology-based training to get through—to cut through the censorship of the Castro brothers. Our goal is to stimulate new ideas to help the Cuban people tackle pressing issues such as human rights abuses.

These new technology programs are also aimed at reaching out to the Cuban youth to share experiences and provide them with the tools to build their capacity for grassroots organizing to promote democracy, liberty, and freedom. The Cuban people deserve freedom.
